

Im writing to tell you how much I like and benefit from being an XM subscriber. I travel around my home city of Metro-Phoenix all day for work and then at night to school. The traffic and weather channel is VERY beneficial to me everyday. The local FM channels that I listen to DO NOT even do "Traffic Reports" and the channels that do you have to wait between 20-30 minutes of bad music, annoying commercials and lame attempts and humor from the DJ's. XM Radio is one bill I dont mind paying for because they offer me a wide range of services that are very beneficial in everyday of my waking hours. I dont feel it should be left up to the National Association of Broadcasters to decide what I am and Am not allowed to hear. I pay for it!! Im urging you to reject Petition 04-160 and stand behind XM SATELITTE RADIO 100% Thank-You
